

The Masons Mark: Love and Death in the Tower

In both the best and worst first day at work ever, docent Claire Wilding meets the man of her dreams, but her carefully rehearsed guided tour of the George Washington National Masonic Memorial collapses when she discovers a body and is drawn into a dark world of black ops and Italian renegade masons, of secret cabals and hidden treasure. Also cloaked in mystery is handsome Gideon Bliss, a George Washington expert who haunts the Memorial, his manner evasive. What is his secret? Claire fears she will fall in love with him only to learn he is a thief or even a murderer. Juggling two eccentric mothers, an inquisitive sister, and an increasingly smitten detective, Claire must find answers to a complex web of intrigue, including who to trust and who to love.
