

Professor Cline Revealed (The Professor #1) (The Professor Series)

Ages 18+ due to sexual content, language, and difficult situations. On the outside I seem to have it all. A promising career as a law professor, family money, and my good looks, but my life was full of secrets. I knew how to put up a good front; it was a mask I'd worn for a long time. I kept a rotating door of women to help me forget, but my efforts were futile. I was haunted by guilt, my always lurking, underlying darkness. I thought I had control, but there were things I had no control over. Then I saw her. Emma was the light to my dark, a beacon that called to me when I knew I should stay away. I avoided this kind of connection for a reason. The sins of my past left me with scars and not all of them were skin deep. People thought they knew me, but in reality, they knew nothing. *This is a 2 book series. Professor Cline Redeemed is now available.
