

## Show Her The Money (Mills & Boon Intrigue)

CPA-with-an-attitude Whitney Pink Pearl has just blown the whistle on the accounting scam of the decade. And in true scapegoat fashion, she's lost her job and reputation and has moved back home to start again at the bottom of the pile, working as a forensic accountant for (gasp!) her mother. There's no money trail too cold for Pink to follow. But trouble sure follows her because Pink's not taking back her accusations, no matter how many death threats, abduction attempts and steamy kisses from lawyers of questionable ethics she receives.
