

# Taylor Maid

Hell marry the maid to get \$50 million, but a secret could queer the deal. Taylor Fitzgerald needs a last-minute bride. On the eve of his 25th birthday, the billionaire's son discovers that despite being gay, he must marry a woman before midnight or lose a \$50 million inheritance. So he high-tails it to Las Vegas...where he meets the beautiful maid Ally May. There's just one rather significant problem: Ally is actually Alessandro Macias, son of a tough Brazilian hotel magnate. But if Ally keeps pretending to be a girl for a little while longer, is there a chance they might discover this marriage is tailor-made?
