

# The Blindside to Unwarranted Sin: Uncovering Sins

Subtitle: Uncovering Sins  
In life there are some hidden factors of fear that have taken ones mind captive. In fact, the nature of some who were once living a life of substantial purpose have lost their way in the constant battle to sin. On the contrary, sin has entered into the hearts of men and ruptured the very soul of those who would normally live out a godly life, but rather choose evil opposed to that which is of natural affection and love that covers a multitude of sin. (:Love covers all:) [Sin is a reproach to any people]
