

World of Ryyah: Unlikely Alliance: Book Two in The Elven Age Saga (Volume 2)

Deep in the wilderness, only one can build an Elven kingdom that can withstand the capricious winds of change. That one is Brandela, the widow of the fallen Donovan. So begins the latest developments in the World of Ryyah: Unlikely Alliance Book Two in the Elven Age Saga. This epic action adventure series created by H.L. Watson follows the noble Brandela and her comrades Akenji and Kerala as they join forces and fend off formidable adversaries to forge a brave new world. Its a must-read for anyone seeking an utter immersion in a fantasy world like no other, where romance, bravado, magic, and fierce loyalty are tested beyond the scope of mere humans. In Book Two in the Elven Age Saga, readers will follow the trials and triumphs of Brandela, Akenji, and Kerala, as they come together to lay the foundation of a new kingdom and each must confront seemingly insurmountable struggles and hardships along the path to a peaceful and prosperous new world. As the book begins, Brandela must grapple with the unimaginable: the burial of her once beloved husband and soulmate Donovan. Despondent as she is, she is equally determined to create a new land that honors his memory. After all, Donovan would surely charge her with fostering a stable and safe environment for their child. Brandela soon puts her considerable talents and leadership to work, organizing and erecting a settlement that is the first of its kind: a half- human, a half-elf kingdom. However noble Brandelas mission is, she and her cohorts find themselves faced with nearly overwhelming obstacle, with their very survival hanging in the balance. And as events unfold, Brandela is not the only one who must do significant soul searching to ensure a gratifying future for herself and her people. Kerala and Akenji must seek to understand each other, and what it means to be bonded out of duty rather than choice.

As they prepare to be joined in marital union, Kerala cannot help but worry that a bond made from political necessity does not a love match make. As love and loyalty intertwine, conviction and courage are held in sway by a host of savage, skilled detractors. Can Brandela justly honor Donovan, and save them all? Can Kerala make peace with a less than heartfelt contract? Find out in World of Ryyah: Unlikely Alliance, and relish every far-flung, heart-pounding leg of their epic adventure.
